Prayer Requests

In your kindness and charity towards others, please pray for the sick, the homebound, the imprisoned, the unemployed, all our military overseas, those waiting for test results, and those who are held in our hearts: Rogene Henderson, Anne Becker, Lisa Keim, Sr. Julie Codd, Alison Vermette, William Ferman, Jack & Shirley Tanis, Fr. Augustine, SVDP workers, and the residents at Marine Court Alzheimer’s Center

For the repose of the soul of William Eric Scheer and all the souls who have died. May God grant them the joy of eternal life and peace for their families.

PRAYING FOR PRIESTS: Eternal Father, open our eyes to recognize vocations that are budding in young men so that communities of faith may nurture them.

Touch the hearts of young men, and enable them to go out into the world as alteri Christi to proclaim to humanity the truth of the gospel. We entrust all priests and seminarians to the Immaculate Heart of Mary.

Vianney Cenacle: First Thursday of the month, 7-8pm
Our Lady Star of the Sea Church

“We rejoice in our sufferings, knowing that suffering produces endurance, and endurance produces character, and character produces hope, and hope does not disappoint us, because God’s love has been poured into our hearts through the Holy Spirit who has been given us.”

-Rom. 5:3-5

Join us after Holy Mass Wednesday nights during Lent in Camerman Hall.

Based on the award-winning book, "New Proofs for the Existence of God: Contributions of Contemporary Physics and Philosophy" by Fr. Robert J. Spitzer, S.J. Ph.D., The Reason Series follows college freshman Joe as he learns to defend his faith from his atheist roommate, Tyler, with the help of physics and philosophy grad students, Dan and Alana.

This 5-part program provides all the evidence you need to be more certain about a transcendent, super-intelligent, creative power: God.

**Topics Covered:**

- Why science can’t disprove (or prove) God exists.
- The evidence for a beginning of the universe (or any multiverse) from the Borde-Vilenkin-Guth Proof.
- The evidence for a beginning of the universe from entropy.
- The evidence for supernatural design from universal constant’s and the initial conditions of the universe.
- The evidence for survival of human consciousness after bodily death (from medical studies of near death experiences).
- How the bible and science can be, and should be, reconciled.
- Catholics and evolution.
- Why Jesus Christ is significant.
- Explaining evil and suffering.

*The Magis Center produces educational materials designed to refute contemporary “secular myths” such as, “science has proven God does not exist.” They are aligned with the USCCB-Curriculum Framework and the Catechism of the Catholic Church.*
