The School Has A New Chapel!

Last Spring, Sister Mariana mentioned to Father Lappe that many of the schools where the Nashville Dominicans teach have a chapel in the school. That conversation planted a seed that has now borne fruit!

Parishioners who gave generously of their time, talent and treasure, transformed this former teaching space into a beautiful and reverent place of prayer and donated the tabernacle.

Our school has a beautiful chapel that all the classes and staff can access throughout the day. Teachers will use the chapel as part of religion classes, to introduce and practice different types of prayer to the students. Teachers and staff will be able to make a visit to the Blessed Sacrament as part of their work day.

The chapel will be dedicated after the school Mass, September 14, the feast of the Exaltation of the Cross. At that time, the Blessed Sacrament will be installed in the tabernacle. We are putting Christ at the center of our school in a very tangible way!
This feast commemorates the recovery of the Holy Cross, which St. Helena had placed on Mt. Calvary about the year 326, but had fallen into the hands of Chosroas, King of the Persians. The precious relic was recovered and returned to Jerusalem by Emperor Heraclius in 629.

The Breviary tells us that Emperor Heraclius carried the Cross back to Jerusalem on his shoulders. He was clothed with costly garments and with ornaments of precious stones. But at the entrance to Mt. Calvary a strange incident occurred. Try as hard as he would, he could not go forward. Zacharias, the Bishop of Jerusalem, then said to the monarch:

"Consider, O Emperor, that with these triumphal ornaments you are far from resembling Jesus carrying His Cross." The Emperor then put on a penitential garb and continued the journey.

OUR SCHOOL IS A STUDENT-CENTERED LEARNING ENVIRONMENT

That is more than a line from the school philosophy in our handbook. Tina Powell, our full-time Academic Interventionist, ensures that this happens. She assesses individual students to determine the most appropriate teaching strategies and develop a teaching plan, known sometimes as a Student Service Plan which can be temporary or all year long.

Say a student needs help understanding a concept that the rest of the class has grasped, Tina can work with that student individually, like a private tutor would, to overcome that challenge in just a few sessions together.

Sometimes she will work in the classroom assisting a child or observing their learning style. Then she can partner with classroom teachers to advise how they might alter lesson plans to better suit the student’s needs. Often she will communicate with the parent(s) alongside the general teacher about the student’s progress.

These services are readily available at public schools and is one of the ways Our Lady Star of the Sea creates a Student-Centered Learning Environment.
